

DR. GOH CHOO TA

Dr. Goh Choo Ta is a Research Fellow at the Institute for Environment and Development (LESTARI), National University of Malaysia (Universiti Kebangsaan Malaysia, UKM) and he has 10 years experience in the field of chemical governance and chemical safety, particularly on the area of Globally Harmonised System of Classification and Labelling of Chemicals (GHS). In 2010, Dr. Goh was appointed by Ministry of International Trade and Industry Malaysia (MITI) as National GHS Project Coordinator for the project entitle 'Training and Capacity Building for the Implementation of the GHS in Malaysia'. Dr. Goh works closely with various agencies in Malaysia on issues related to chemicals management, such as MITI, Ministry of Natural Resources and Environment (NRE), Department of Occupational Safety and Health (DOSH) and Department of Environment (DOE). Beside that, he also collaborates with international organisations such as United Nations Institute for Training and Research (UNITAR) and United Nations Development Programme (UNDP) to carry out projects related to chemicals management. Dr. Goh has been invited by various national and international agencies to deliver papers related to chemicals management and GHS. Beside that, Dr. Goh has being awarded as project leader/lead consultant for 14 research/consultancy projects. Dr. Goh is currently a trainer for the professional training courses, namely Occupational Safety and Health (Classification, Labelling and Safety Data Sheet of Hazardous Chemicals) Regulations 2013, Environmentally Hazardous Substances (EHS), Chemical Safety in Laboratory, and Chemicals Management.
